**IMPORTANT NOTICE:**  
**THE LAND TRANSPORT SECTOR DEVELOPMENT PROJECT (LTSDP)**

**HOUSE TO HOUSE CONSULTATIONS OF AFFECTED FAMILIES ALONG THE ROADS IN**  
**Safotu, Manase, Saleia, Avao, Fagamalo**

One of our major projects of our government for the improvement of transportation roads on the islands of Upolu and Savaii is ongoing and is funded by the Asian Development Bank.

As part of the project, LTA is working collaboratively with villages and families along the main roads and crossings to gather relevant information. According to schedule, we are now set to consult with the families in Safotu, Manase, Saleia, Avao, and Fagamalo. We kindly ask that it is very important for you to be available and participate in these discussions/consultations.

The main objective of these consultations is to gather information/data needed for the environmental and socio-economic from the families along the roads and also clarify important areas of the project stages to assist with the designing and report documentation.

The upgrading of these roads and fords will provide a safer, efficient and a more climate resilient structure for the people of Samoa and those that reside along these affected areas. Therefore, your support and kind cooperation will be greatly appreciated. This house-to-house consultation is mainly for the families living nearby the affected roads/bridges of the affected villages listed below.
